

Dear Member,

The mission of the Internal Audit Foundation is to expand knowledge and understanding of internal auditing by providing relevant research and educational products to advance the profession globally.

Each collaborative project completed by the Foundation assists in meeting The IIA's goal of providing relevant guidance, thought leadership, and training programs to our more than 100 affiliates and 200,000 members worldwide.

Currently, the Foundation is conducting research that focuses on internal audit's role in fraud prevention, detection, and investigation. The goal of this research is to gather qualitative and quantitative data on the roles, responsibilities, structure, and tools of internal audit teams in relation to fraud, and measure perceptions of the effectiveness and appropriateness of such structures.

The Foundation would like to personally ask you to participate in this effort by completing a short survey on this topic that will take no more than 20 minutes of your time. To ensure your feedback is included, please complete the survey by (date needed).

To access the survey, please click [here](#) or cut and paste the link below into your web browser:

<https://iiasurvey.theiia.org/flashsurvey/se/0B87D7846285B48402>

Thank you for your time and insights into important topics in the internal audit profession. If you have questions regarding the survey, please contact Foundation@theiia.org.

Best regards,

IIA Thailand
